Comp Sci 2212 Team 35 Weekly Project Meeting

Wednesday, September 25, 2024

Meeting Location: MC 325
Start Time: 15:40

1. Roll Call

#	NAME	STATUS
1	Alaan Ismail	Present
2	Libby Cook	Present
3	Mustafa Kanpurwala	Present
4	Musawer Jalal	Absent
5	Teagan Martins	Present

2. Meeting Goals

- IDE selection
- Team contract discussion and project requirements

3. Discussion

- Visual Studio Code was agreed upon to be the IDE
- Wiki created on GitLab Repo; Teagan filling in the team contract
    o 3 hours per member
    o Team deadlines are based on exam schedules and project deadlines. Team deadlines will be met well before the project deadlines
    o Different opinions in team members will be either voted or a middle-ground will be found
    o Work-load will be divided based on the software classes and complexity of class
- Alaan says its important to code in the same style (i.e. comments, parsing)
- Mustafa and Teagan are downloading Git on their machines

4. Pending Tasks/Debrief

- Alaan will research a proper UML diagram software
- Update the team contract
- Everyone should read the project spec and requirements

Meeting End Time: 16:22
